City, Township Face Spring Road Repairs

Oak St. Pavement Near Centennial Park Is Broken by Freeze and Thaw

Area Damage Is Extensive

Thaw Conditions Worst In Years

Salem City and Perry Township officials are about to tackle one of the biggest spring road repair programs ever undertaken.

The repair work was made necessary by the spring thaw which made quagmires of most dirt streets, leaving many impassable, and transformed the paved streets into figurative washboards.

In the township, roads have been put into shape insofar as keeping them open to traffic, but Joseph Kornbau, chairman of the Perry Township trustees, indicated that at least two main roads will need resurfacing. These are the East Line Rd. from Butcher Rd. to Rt. 558 and Stewart Rd. from Depot to Rt. 9. He said this spring was about as hard on the roads as any he has seen yet.

In the Blackburn Hill area west of Salem workers have used in excess of 600 tons of slag. In addition to the patch work, road limits on the township's 21 miles of roads have been reduced by 25 percent.

Maras Gets 10-20 Years For Holdup

James H. Maras, 20, of Warren was sentenced Friday afternoon to 10 to 25 years in the Ohio State Penitentiary by Common Pleas Judge Raymond S. Buzzard at Lisbon for participating in the holdup of Barnett's Motel, on Rt. 62, west of Salem, Dec. 11.

A belated motion for a new trial was overruled by Judge Buzzard after Atty. Francis X. Diana took the witness stand in his client's behalf and testified he had failed to file for a new trial within the three-day statutory limitation because of illness.

Maras was identified as one of three robbers who held up Mr. and Mrs. Nick Rini, motel owners, and Miss Berdina Berger, an employee, taking over \$650 in cash. Maras claimed he was at home with a cold on that night. He was found guilty by a jury March 30.

Atty. Diana told the court he will file a motion for a new trial on newly discovered evidence which he couldn't produce at the former trial. He has 120 days in which to file this evidence.

A warrant also is on file for Maras' brother, Edmond, 30, of Newton Falls, who was apprehended Jan. 4, in a stolen car in Dixon, Ill., but later escaped from a jail at Freeport, Ill.

A companion, Charles Harris of Warren, was killed by Dixon police when he went for his gun after they were stopped for questioning.

Rep. Hays Blasts GOP In Opening KSU Convention

Republicans were accused Friday night of being for "higher interest rates" but having "no interest in higher education" by Congressman Wayne L. Hays (D-18th Ohio District).

He was keynote speaker at Kent State University's first Democratic Mock Convention, which closes tonight with the nomination of presidential and vice presidential candidates.

Candidates will be chosen by 510 student delegates representing the 34 states and territories.

In addition to delegates and alternates, several hundred more students and area residents were on hand as spectators.

Hays said that despite the "phenomenal strides Russia has made in the education of its masses, both Eisenhower and Nixon have turned a deaf ear to every plea for help from the schools of the nation."

He called for more medical schools, greater medical research, more hospitals and more clinics "to take care of the sick and to bring preventive medicine to a greater number of our citizens."

Democrats Open Politicking In West Virginia

Humphrey Launches Campaign; Kennedy To Arrive Monday

By The Associated Press
With the echoes of the Wisconsin primary still sounding, the Democrats have opened another round of politicking, this time in West Virginia.

Sen. Hubert H. Humphrey of Minnesota arrived in West Virginia Friday and began a grueling bus tour that took him 16 stops during the day.

At the same time, former Rep. Franklin D. Roosevelt Jr., (D-NY) flew into the state to campaign for Sen. John F. Kennedy of Massachusetts. Kennedy joins the speechmaking and handshaking Monday.

Only Democratic Candidates

Humphrey and Kennedy are the only candidates in the state's Democratic presidential primary May 10. The two senators met in the Wisconsin primary last Tuesday. Kennedy won that one by more than 100,000 votes.

Humphrey made most of his stops in the state's southern coal mining counties, areas plagued by unemployment, closed mines, and ghost towns.

"I think it is scandalous," Humphrey said in a speech from the courthouse steps in Fayetteville, "that this administration can turn its back on unemployment in West Virginia."

"There isn't one thing being done by this administration to alleviate human suffering," he continued.

Kennedy Addresses Rally

Kennedy addressed a rally Friday on the Notre Dame University campus in South Bend, Ind., outlining the five basic problems which he said confront America: automation, competition from totalitarian governments, the technological revolution on the farm.

Hope Fades for Break In Deadlock On Disarmament

WASHINGTON (AP) — U.S. officials have about given up hope of breaking the new deadlock in disarmament negotiations with the Soviet Union prior to next month's summit conference.

Secretary of State Christian A. Herter thinks that Soviet Premier Nikita Khrushchev may be planning to come up with "some kind of idea" at the Paris summit meeting to get negotiations moving again. But he finds the present situation "puzzling."

Herter appears to be trying to build up Western pressure to prevent the Soviet Union from stirring up a new Berlin crisis at the summit by linking the Berlin issue with the possibility of successful disarmament negotiations.

He told a news conference Friday a big East-West clash at the summit over Berlin might very materially prejudice further progress on disarmament, specifically the nuclear test ban problem.

That was the second time he had issued such a warning. In a Chicago speech last Monday he said the Western powers "can hardly move forward confidently in negotiating new arms control agreements with the Soviet Union if our existing agreements with them about Berlin meanwhile are being violated or threatened with violation."

Herter disclosed that the deadlocked 10-nation disarmament conference at Geneva probably will be recessed soon until after the summit gathering which opens May 16.

Contains Most of Ike's Proposals Rights Bill Clears Senate; Delay Expected In House Vote

WASHINGTON (AP) — The the outlook is that this will not be done until some time after Easter.

In all probability the measure will have to run the gauntlet of the House Rules Committee, headed by Rep. Howard W. Smith (D-Va.), a longtime foe of civil rights measures.

Passage of the bill by the Senate Friday night climaxes a battle that began Feb. 15 and included more than a week of sessions around the clock.

The House has passed its bill 311-109 on March 24. The measure embodies most, but not all, of President Eisenhower's civil rights proposals, although not exactly as he recommended them.

Its principal feature is provision for the federal courts to register qualified Negroes and enforce their voting rights in areas where judges find systematic discrimination to keep them from the polls.

Another section requires records of all elections for federal officials to be preserved for 22 months and made available to the attorney general for inspection on demand.

The bill also provides criminal penalties for obstructing by force or fraud the exercise of the rights of the Negro.

President Fires Blast at Castro

Cites Betrayal of Revolution's Ideals

WASHINGTON (AP) — President Eisenhower says longtime friends of Cuba feel the ideals of its revolution are being betrayed by the government of Fidel Castro.

His frank appraisal was contained Friday in a long letter to Chilean students who had criticized U.S. policies toward Cuba during Eisenhower's visit to Chile.

The Eisenhower letter produced no immediate reaction in Cuba, but observers in Havana felt sure it would provoke a sharp note from Castro's government or a long television speech by the Prime Minister.

The Chilean students had written to Eisenhower that they thought the United States had codified Latin-American dictators and had not done enough to promote democracy and provide economic aid.

Eisenhower briefly mentioned the criticism in a speech during his Chilean visit, and promised a detailed reply. The 14-page letter, transmitted through the American ambassador in Chile, was that reply. In it, the President sought to clear up what he felt were misconceptions about U.S. policies in Latin America.

"In all candor," the letter added, "I must state that many longtime friends of Cuba in the United States and elsewhere in the hemisphere who were heartened by the ideals expressed by the present leaders of Cuba when they assumed control have been gravely disillusioned by what is coming to be considered a betrayal of these ideals in such matters as freedom of expression, equal protection of the laws, and the right freely to choose a representative form of government."

In Santiago, Chile, U.S. Ambassador Walter Howe invited seven student leaders to make an all-expense-paid visit to the United States. They accepted.

Frigid Blast Hits Northern U.S.

Clouds, Wind Quell Threat of Frost

By The Associated Press
An arctic blast pushed unseasonal cold deeper into the north-central United States today while flood victims along the Mississippi River worked up an impatient sweat waiting for the mighty waters to recede.

Freezing temperatures reached as far south as Illinois and Indiana and light snow flurries spread eastward from Minnesota across the Great Lakes into West Virginia and western Pennsylvania.

International Falls, Minn., reported 14 degrees above, Duluth, Minn., 18 above. Milwaukee, Chicago and Detroit also registered subfreezing temperatures.

However, considerable cloudiness and brisk winds were expected to quell the threat of a serious killing frost.

Thundershowers with locally heavy rains and occasional hail settled in northern Texas. The Gulf states and New England were peppered with showers.

However, from the Plains States into the Western plateaus, skies were generally clear and temperatures balmy, in some areas downright hot. In southern Texas Friday the thermometer topped the 100 mark. Laredo recorded a high of 102.

Cautious optimism prevailed along the Mississippi flood zone from Quincy, Ill., southward to Hannibal, Mo., where the river crested without further damage Friday.

However, strict vigilance was maintained lest soft earthen levees crumble and seepage remain a problem.

So precarious is the balance between levee and river that Army engineers ordered pleasure craft out of the flood area lest rippling wakes develop the chink that could lead to a disastrous breach.

Still the waters inched steadily downward in the hard-hit areas. The crest forecast for St. Louis Monday is well below the danger mark.

Prime Minister Wounded By Two Bullets

Guard Also Hurt; Police Seize, Badly Beat White Gunman

JOHANNESBURG, South Africa (P) — Prime Minister Hendrik Verwoerd, an uncompromising architect of South Africa's white supremacy policies, was shot and wounded today by a middle-aged white man. Blood streamed from Verwoerd's head.

The husky blond Prime Minister, 58, became a target, apparently of a .22 caliber pistol, as he sat with his wife on a platform at the Union Exposition to watch a parade of cattle.

Fell Into Wife's Arms

A bullet struck him under the right eye. The South African radio said a second shot pierced his cheek. With blood dripping from the right side of his head and his mouth, he fell into the arms of his wife. She wept as she comforted him.

A member of Verwoerd's bodyguard also was reported hit.

The white gunman, about 45 and dressed in a gray herringbone suit, was seized by police and civilians in a wild melee and, apparently badly beaten. He was jailed at the police station on the exposition grounds.

"God help me," he exclaimed. "Members of an ambulance crew bandaged Verwoerd's head and rushed him to a hospital for an immediate operation. The South African Broadcasting Co. announced that his condition was not critical."

Mentioned One Wound

A doctor reporting on his preliminary examination mentioned only one wound. He said a bullet seemed to have struck the cheekbone and glanced away.

The assassination attempt came only a few hours after a government spokesman declared that neither Negro resistance nor foreign pressure would force a change in the white supremacy laws.

Foreign Minister Eric Louw, rejecting mounting criticism abroad, declared "we will not hand over control of South Africa to a native (Negro) majority."

Riots and demonstrations the past three weeks, initially against the hated passbook system imposed on nonwhites, have led to about 80 deaths and hundreds of arrests.

Took Special Precautions

Security police took special precautions for Verwoerd's appearance before a capacity crowd today at the exposition grounds in Johannesburg's Milner Park. Without incident, he delivered a half-hour speech opening the farm and trade fair marking the 50th anniversary of the Union of South Africa.

No country in the world can tread on the corpse of a fellow nation," Verwoerd said. "We shall fight for our existence and we shall survive."

Verwoerd said South Africa is the dark continent's most developed country—"prepared to serve in Africa and cooperate with any

Fascist Vote Gives Premier Tambroni Win In First Test

ROME (AP) — Premier Fernando Tambroni's two-week-old Christian Democrat government won its first parliamentary vote of confidence, but only with Fascist backing that could prove a kiss of death.

In a midnight vote Friday, the Chamber of Deputies endorsed Tambroni's stop-gap regime 300-293. The margin of victory was provided by 24 Fascist ballots.

Within an hour two Cabinet ministers quit rather than serve in a government dependent on Fascist backing. They were Giulio Pastore, leader of the Christian Democrat left wing who served as minister for southern Italy, and Nullo Biggi, undersecretary for industry.

The Christian Democrats have 272 seats in the chamber and four independents backed them. Without the 24 Fascist votes the government never would have survived the combined opposition of Communists, left-wing Socialists, Democratic Socialists, Liberals and Monarchists.

Tambroni, a 58-year-old lawyer, ignored a demand by his party's left wing that he publicly reject Fascist votes. In his reply to the week-long debate leading up to the vote he was silent on what he would do about Fascist support. But the Cabinet resignations might force him to take a stand.

Confident Living

By Dr. NORMAN VINCENT PEALE

Life's Greatest Experience

There is more within you than you think there is. The Bible says "the kingdom of God is within you." What does that mean? It simply means that buried deeply in your nature are God's goodness and strength—and the possibility of development.

Psychologists say the unconscious mind is a great reservoir of latent power. They compare the unconscious mind to the submerged part of an iceberg which, though we cannot see it, is actually eight-ninths of the whole. Thus you do your conscious thinking and decision-making with only about one-ninth of your total mind. But without your being aware of it, strong impulses from the other eight-ninths influence how you think and act.

While the unconscious mind contains potentials for evil, deeper and more vast are its potentials for good. Dr. Smiley Blanton calls it the part of us "where God resides."

IT IS POSSIBLE to tap the good and creative potentials deep within you, so that they emerge and find expression in everything you do. When that happens, you experience an amazing transformation of your life. This is not just a theoretical idea. I have personally known many men and women whose lives have thus been dramatically changed.

Some weeks ago in New York City I had the pleasure of seeing again an old friend who is in the women's apparel business in the Southwest.

He used to be a very discontented ineffectual individual. He was cynical. He was perennially out of sorts. In those days, incidentally, he never went to church—except maybe for a funeral or a wedding, or at Eastertime. But curiously enough he always encouraged his wife to go. Maybe he thought she needed it. Maybe she did, too—if for no other reason than because she lived with him.

Well, on one Sunday morning moping about the house alone as usual, he turned on the TV. And the first thing this unhappy man heard was an announcer asking in a chipper voice, "Well, friends, what's your trouble?"

"Ugh!" he said to himself. "What's my trouble? If you only knew!" But he listened to the program. The next Sunday he listened again. He began to ponder. And one fine day he suddenly got down on his knees and prayed with all his heart, asking God to change him. And his prayer was answered.

SOON AFTER he moved to San Antonio and opened a store there. By this time his changed inner condition had enabled him to improve his material circumstances and feel new happiness and new interest in everything he did. He was filled with overwhelming gratitude to God and a strong desire to do something for other people.

In time he became a lay preacher of the Methodist denomination and got permission to hold services, open to all comers, in a long-unused church in the ancient square of La Villita in that city. And these services attracted goodly numbers. He made necessary repairs in the century-old church and friends donated carillon bells for the steeple.

I was there on occasion of the dedication of the carillon bells and witnessed a deeply moving scene. My friend said to his congregation, "I want to invite any of you folks who want your lives changed to come up here and kneel at the altar."

Quite a few people came forward. He stood by each in turn and offered a prayer in his or her name. And for each person he had a special word of encouragement. To a big, rough-looking man he said, "Jim, God loves you. Just yield to His spirit." To a little girl, "Do you want to be a good girl, honey? God will help you be good." To a dignified elderly woman with snow-white hair, "Mary, you are a better woman than you think."

I SAT THERE actually with tears in my eyes, marveling at the transformation when a man discovers within himself the kingdom of God which has been there all along. This surely is life's greatest experience.

May I suggest a good way to start each day? As you are dressing, say to yourself, "The kingdom of God is within me." This will stimulate hidden forces deep within you. The result will be that in time the kingdom "where God presides" will take over and you will find yourself living a strong, happy and dynamic life.

Samaritans Hold Ancient Passover Rites

NABLUS, Jordan (AP) — The white-robed, gray-bearded High Priest Amran Ishak stands on a boulder atop the sacred Mt. Gerizim chanting the Hebrew Scriptures.

The sun sinks behind him as he intones:

"Draw out and take you a lamb, according to your families, and kill the Passover."

Knives flash as seven young men slash the throats of seven sheep and worshippers warm around to smear blood on themselves and their children and splash it on the doors of their tents.

This is the Passover observance of the ancient Samaritans, possibly the only one in the world which is still carried out exactly as outlined in the book of Exodus.

The people claiming descent from the good Samaritan of Jesus' parable are almost extinct. Only 344 of them survive. Most live in Nablus but 65 or 70 are on the other side of the Palestine armistice line in Israel.

Preserving the ancient Passover ritual is the main achievement the tiny community can boast of today. Samaritans claim to be the remnant of the ten tribes of Israel that split from the kingdom of Judah.

"We are the real children of Israel, not the Jews," one of their priests explained to me.

Jewish view, of course, is quite different. They hold that the ten tribes disappeared and the Samaritans are foreigners settled in Palestine by the Assyrians.

The Samaritans at one time were powerful enough to wage aggressive war against both Jewish and Christian communities in Palestine. As the centuries passed, however, their power dwindled.

The purpose of the mission was to discover the needy areas of the world and the resources that are available to help them, and to bring the needs and the resources closer together. THE WORDS OF ETERNAL LIFE

There was a day when some of the disciples of Jesus became discouraged and walked no more with Him.

But when the Master asked the twelve, "Will ye also go away?" Simon Peter answered, "Lord, to whom shall we go? Thou hast the words of eternal life."

Never underestimate spiritual intuition! Peter sensed long before the first Easter that Christ's mission was to lead men to eternal life!

As Easter approaches, millions of men and women realize a spiritual intuition. It calls them to their churches to worship the Risen Christ. It prompts them to embrace with new fervor convictions that sometimes have become casual.

Cherish that hunger for spiritual renewal. Fortify it as Peter did with an honest evaluation of man's helplessness apart from God. To Whom shall we go? Only Christ offers the Truth and Life which are eternal.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship.

It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A Sinner Went to HEAVEN!

Of the few people of whom the Bible specifically tells us that they are now in heaven—one was a criminal!

It was to a man who had mispent his whole life in sin and shame that the Savior said: "Verily I say unto thee, today shalt thou be with Me in paradise."

There was room—even for this dying thief—in the Father's house to which Christ was now returning.

The thief on the cross was accepted into paradise because he recognized his enormous guilt and threw himself completely on the mercy of the Savior. That is the only way ANY man can get into heaven.

Because Christ has paid the price for every sin of every man of every age, God can offer universal forgiveness in the words: "Come . . . though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as white as wool."

Down through the centuries uncounted millions have entered heaven by the same door which was opened to the dying thief—the door of repentance and faith. "The dying thief rejoiced to see that fountain in his day; And there have I, as vile as he, washed all my sins away." Have you?

Salem Takes All 'First's' In Winning Triangular Meet

United, Beaver Are Victims

Athletes Perform In Cold and Snow

By DICK BRAUTIGAM

Sweeping first places in all 14 events, the Salem High track squad opened its 1960 outdoor season with a smashing victory over United and Beaver Local on Friday at Reilly Stadium.

Salem wound up with a whopping 122-point total, compared to 22 for United and only six for Beaver Local.

Considering the adverse weather conditions and the fact that none of the three squads has gotten in as much as a full week of practice outdoors, most of the performances yesterday were creditable.

A cold afternoon grew colder, and by the time the final event, the broad jump, got underway, almost all of the fans and one of the teams (Beaver Local) had left the stadium. The broad jump was finished in a snow storm with the jumpers leaping directly into the strong wind.

The smaller United and Beaver Local squads were no match for Coach Karl Zellers' Salem thrills.

THE MEET WAS scored on a 5-3-2-1 basis except in the relays which were scored five for first, three for second and one for third. The Quakers picked up 70 points on first places alone.

Co-captain Tim Burchfield was the big winner. The Salem senior captured first in both the 100 and 220-yard dashes and anchored the Quaker half mile relay team to an easy victory.

Salem also had five double winners. They were Ed Yates in the high and low hurdles, Ned Chappell in the shot put and discus, Co-Captain Jim Solmen in the mile and half mile, Jim Lehwald in the high jump and pole vault, and Dan Krichbaum in the 440-yard dash and mile relay.

Rick Sulea tied Lehwald for first place in the pole vault. Both boys cleared 10-6 but dropped out after three tries at 11-0.

SALEM SWEEPED all four places in both the 880-yard run and discus. Chappell's heave of 126-10, almost 12 feet better than his best throw last year, gave him an easy win in the discus. He was followed by Bob Zeppernick, 120-3; Bob Lambert, 114-4; and Endres, 105-5. Solmen captured the 880-yard run in 2:12.6. Finishing in order behind him were Don Davidson, Randy Strader and Don Vincent. Senior Charlie Horn of Salem who captured the broad jump with a leap of 18-3/4 also took down a second in the 180-yard low hurdles and a third in the pole vault. Horn dropped out of the pole vault with blisters on his hands after he had cleared 10 feet.

BESIDES CAPTURING all 14 firsts, the powerful Quakers took down 10 second places and tied for another.

United racked up three seconds, including the mile and half mile relays. Zeigler of the Eagles was runner-up to Solmen of Salem in the mile.

Mike Durbin of Beaver Local, DeVille of United and Gary Devan of Salem tied for second in the 100-yard dash, each with a time of 11.0.

Hard working Les Blanchard of Coach Ray Russell's United squad picked up points for his team in both the high jump and high hurdles.

Another United athlete from whom big things were expected this season in both the shot put and discus, Jim Summer, participated in an independent basketball game earlier this month making him ineligible for high school track.

THE MOST IMPRESSIVE performance of the day was turned in by Salem's Ed Yates in the hurdles. Showing no sign of the bad back which has been bothering him, the lanky senior clipped off the 180-yard lows in 22.3 and the 120-yard highs in 16.4.

Both times were better than the best marks he posted last year when he did the lows in 22.6 and the highs in 17 flat.

Salem Athletic Director Fred Cope thanked the coaches of both United and Beaver Local after the meet for agreeing to run against the Quakers here on such short notice. Wellsville and Hubbard were originally scheduled to appear here this week but both pulled out and asked that the meets be re-scheduled later in the season.

Palmer Still Paces Masters

But Hogan Moves Into Contention

AUGUSTA, Ga. (AP) — The rules-dizzy Masters Golf Tournament went into the third round today with a familiar and unnerving shadow hovering over the field — that of the Texas hawk, Ben Hogan.

"The little man is on the move again," they said around the Augusta National Course after the 47-year-old Hogan fired a brilliant four-under-par 68 to move into contention. Hogan has been in semiretirement for five years.

Pre-tournament favorite Arnold Palmer still leads the pack with a 140—thanks to a series of weird legalistic procedures — but Ben was right behind with three others at 141.

One of these was Dow Finsterwald, who would have had first place all to himself except for a bizarre retroactive two-stroke penalty slapped on by the rules committee. The others were Claude Harmon, a portly club professional from Mamaroneck, N.Y., and Walter Burkemo, pug-faced former PGA champion.

The field was so closely packed that the top 17 were bunched within four shots of each other and only ten shots separated Palmer from the last-place man of the 45 survivors.

Palmer, however, may be hard to overtake. At 30, he is strong as an ox, imperturbable and riding the crest of money-winning success. He also is getting favorable breaks in the rules decisions.

So far in the tournament he has had free-lifts on two imbedded balls and was not penalized for a practice swing he took on the 15th Friday. He wound up with a 73 to go with his earlier 67.

Finsterwald, a slender executive-type from Tequesta, Fla., was not so fortunate. He came in with a 70 following a first round 69, only to blow the whistle on himself in an unusual incident.

The former Athens, Ohio, player admitted that he had taken a practice putt on the fifth green of his first round Thursday, not realizing it violated local rules.

The rules say such a violation requires a two-stroke penalty.

40 Fighters Enter AAU Semifinals

TOLEDO, Ohio (AP) — Ohio boasted a fourth of the field today as 40 fighters went into the semifinals of the national AAU boxing championships.

Most of the lesser lights and some of the brither ones in the starting field of 119 were eliminated in the first two rounds.

The heaviest losses were Petros Spanakos of Caldwell, Idaho, 119-pound Golden Gloves champion, and 206-pound Jimmy Blythe of Hartford, Conn., winner of the AAU heavyweight crown the last two years.

Spanakos, half of a twin-brother act in the competition, was outpointed by Oscar German of Muskegon, Mich. Blythe was eliminated by 196-pound Jimmie Jones, a 20-year-old filling station attendant from Chicago.

The scrappers, four in each of 10 divisions, will not know their semifinal opponents for tonight until the afternoon weigh-ins and drawings. Both the semifinals and finals will be staged tonight in three-round bouts—the semifinals in two-minute stanzas and the championships in three-minute ones.

Defending champions still on hand are Bryan O'Shea of Chicago, 132 pounds; Quincy Daniels of Seattle, 139; Wilbert McClure of Toledo, 156; and Cassius Clay of Louisville, Ky. 178.

Along with Ohio's 10 entries, New York has 5, Michigan, 4; Colorado, Idaho and Illinois, 3 each; Louisiana, Pennsylvania and Washington, 2; and Utah, North Carolina, Massachusetts, Kansas, Kentucky and Alabama, 1 each.

Cary Middlecoff gained an eagle on the 13th hole during the second round of the 1955 Masters golf tournament by sinking a 75-foot putt.

Grady's Ousts Herron's From Tourney

Herron Transfer of Salem was eliminated from the United Invitational Basketball Tournament Friday night as Grady's East Liverpool Wheatley Furniture and Cleveland Blepp-Coombs advanced into tonight's finals.

Grady's trimmed Herron Transfer 69-62; Joe's All-Stars trampled Sebring Hoopes Confectionery 74-49; Wheatley Furniture stopped Freed and Hays 60-51; and Blepp-Coombs squeezed by Lee Stockton's of Canton 66-62.

In action tonight at the United High School Gym, Blepp-Coombs will tangle with Grady's at 7:15 and Wheatley Furniture will battle it out with Akron Joe's at 8:15. The two winners will then come back at 9:45 for the championship game.

THREE OF THE FOUR finalists report they are adding additional players for tonight's action.

Wheatley Furniture says Jimmy Brown, a former great at Steubenville College, will play for them. The East Liverpool team already has several other Steubenville Collegers on its roster.

Jim Francis and Charley Slack of Akron Goodyear will be with Akron Joe's tonight. Joe's is the rangy outfit given the best chance of coping the championship trophy.

Grady's will have the services of Don Hennon, former All-American at the University of Pittsburgh, and Walt Mangham and Rich Allen of the Pennsylvania Class B champs from Wampum.

Blepp-Coombs will bring down a well-balanced squad composed of talent from the Cleveland area. All will be competing for the \$600 in trophies being put up for grabs by the tournament sponsor, the United Booster Club.

IN LAST NIGHT'S action Herron Transfer stumbled at the start and, despite a spirited comeback, was never able to overcome the deficit.

Grady's moved on to 19-9 in the first period. Herron's cut the margin to 32-27 at halftime and was down by only three points, 49-46, as the final quarter got underway.

The Salem team was outscored 20-16 in a rousing fourth period. J. Novaleski was the big man for Grady's. He tossed in 23 points. Rich Hunter and Woody Deitch paced the Salem attack with 13 and 14 markers, respectively.

Dean Nicholson, Herron's big 6-8 center, was held to just 7 points last night. The former Lis-

EAST LIVERPOOL — Roberts Drugs of Bridgeport won the championship of the Blue and White Nonpareil Club's 13th annual Junior Basketball Tournament Friday night.

The Bridgeport entry defeated Travelers Hotel and Dave Hunter of Salem in the final round, 88-68, to succeed Eason Insurance of East Liverpool (Swissvale High School) by a 74-49 score in the semifinal game.

All-Ohio guard Hunter of Salem landed a berth on the 10-member all tournament squad, along with Youngstown Woodrow Wilson's Nick Milasnovich of Travelers Hotel.

Hunter scored 19 points for the hotel squad in Travelers' semifinal game against Eason's and tallied 8 in the final game against the new champions.

nuclear warfare, and underdeveloped nations. Solutions will require youth and vigor in government, the 42-year-old Kennedy said.

The West Virginia primary is expected to affect Kennedy's fortunes in at least two ways:

1. A victory might attract much of California's 81-vote delegation to him after it has voted for Gov. Edmund Brown as a favorite son on the first ballot.

"If he wins in West Virginia," Brown told a news conference in Sacramento, Calif., Friday, "I certainly would regard that as a strong indication that Kennedy has wide appeal throughout the country."

2. It might give a clear indication of the effect of Kennedy's religion in a heavily Protestant state. The senator, a Roman Catholic, will be tested in a state where less than 5 per cent of the population is Catholic.

Vice President Nixon touched an aspect of the possible religious issue Friday night when he addressed a convention of the Associated Church Press in Washington. He said that the United States should make birth control information available to underdeveloped countries that task for it.

A birth control controversy flared in late 1959 after the Catholic bishops of the United States announced their opposition to use of public funds for promotion of birth control in foreign countries.

Nixon's views differed from those of President Eisenhower, who has opposed the supply of information even when requested.

In essence, Nixon's views came close to those of the Democratic candidates, including Kennedy.

Girl Named Heiress Ducks Spotlight

MENDHAM, N.J. (AP)—A college senior has ducked the spotlight after word that she is the principal beneficiary of a one-to-four-million-dollar estate.

Miss Joannah Felicity Touchet Clapton, 21, who once was a little girl evacuee from war-blitzed London, has become the mistress of her benefactress' spacious Pleasant Valley Mills estate here.

The youthful heiress disappeared from the campus of Sarah Lawrence College at Bronxville, N.Y., soon after the news became known that she is the principal beneficiary of Mrs. Arthur Whitney. The woman, a childless widow, died Feb. 8 at the age of 82.

A college spokesman said of Clapton: "She sort of panicked on this thing. She said she didn't want to talk to any more reporters and didn't want any pictures. We don't know where she is."

Frederick Frelinghuysen, attorney for the executors of the estate, said in Newark Friday that the estate would be worth at least a million dollars after taxes and administrative expenses. Relatives of Mrs. Whitney valued her holdings at about four million dollars.

TRY SALEM NEWS WANT AD

Cuba Becomes Graveyard of Free Press

tionary Cuba of Fidel Castro has become a journalistic graveyard for the nation's independent Spanish-language press.

Ten of Havana's 14 independent newspapers refusing to toe the Castro line have folded in the past few months.

Veteran Cuban newsmen predict the remaining four, struggling under constant government and economic pressures, soon will collapse, leaving the field to pro-Castro organs.

The bearded Prime Minister has no press opposition in Cuba outside Havana. Independent papers in the provinces disappeared almost as fast as ex-President Fulgencio Batista's army.

American newspapers and magazines still are available and a few Florida radio stations can be heard here. So can the Voice of America by those owning short-wave radios.

But these primarily are foreign language outlets and are considered inconsequential alongside the government's vast propaganda machine—most of the press and 80 radio and television stations throughout the island.

Havana has two English-language newspapers, the biweekly Times and the Daily Post. Only the times occasionally needles Castro.

Even in normal times, newsmen claim, there is insufficient advertising money to support more than two or three large dailies in Havana.

How, under a continuing business recession, do the revolutionary papers get by?

Informed sources say the Castro regime spends a million dollars annually to keep five Havana pro-government papers in business.

These are El Mundo, Combate, Avance, La Calle and the semi-official Revolucion. All operate from plants taken over from the original owners after Castro seized power.

They are helped considerably by advertisements from government agencies or business enterprises operated by the government.
